

OPEN UNIVERSITY OF CYPRUS
SCHOOL OF PURE AND APPLIED SCIENCES
Senior Research Scientist Job description

The Cybersecurity and Telecommunications Research Lab (CTRL) is interested in hiring a highly skilled Senior Research Scientist with proven expertise to join our team. Please [click to learn about us](#).

Employment terms

Position will be filled through fixed-term employment contracts and can be renewed depending on performance and projects' needs. The monthly time commitment of hired applicant is up to 140 hours, depending on the full or part time status of the relevant project/contract. Insurance is provided through the national health system. A 13th month salary is not provided.

The gross monthly salary for the Senior Research Scientist position will be between €4.000 – 5.300 for full time employment (pro rata for part-time employment), including employer contributions, and will depend on the hired applicant's qualifications and past experience.

Role

The Senior Researcher will work with the CTRL team to enhance existing research tools and platforms, develop and implement new platforms in various environments, automate processes, write technical documentation, contribute to, and manage research projects.

Requirements and qualifications

- Preference for a BSc and MSc degree in Computer Science or a closely related field
- Experience of C++/.Net/PHP/JS/ASP.NET
- Experience of API Integrations
- Experience in networking, ICT infrastructure and wireless technologies and systems
- Experience in designing and implementing IT platforms from concept to implementation
- Experience in managing complex projects
- Written and oral communication skills in English language

Applications should be submitted electronically at <https://careers.ouc.ac.cy/apply> by **Friday 03/03/2023**. For additional information candidates may contact Professor Stavros Stavrou at stavros.stavrou@ouc.ac.cy or 22411965.
