### Module Description

In order to complete the Master's Degree in Management, Technology and Quality it is necessary to write a Dissertation/Thesis. Developing a Master's Thesis is one of the most creative challenges of the program as it provides the student with the opportunity to demonstrate that he / she has the ability to apply the knowledge gained in the Master's Degree Program and complete a research project on his / her own with the assistance of an Advisor. In addition, it provides the student with the opportunity to explore in depth a topic of interest by applying a rigorous, systematic and scientific approach to problem solving.

This is the first Module of the Master Thesis series.
